Financial statements (or financial reports) are formal records of the financial activities and position of a business, person, or other entity.. Relevant financial information is presented in a structured manner and in a form which is easy to understand. They typically include four basic financial statements accompanied by a management discussion and analysis:

Government financial statements are annual financial statements or reports for the year. The financial statements, in contrast to budget, present the revenue collected and amounts spent. The government financial statements usually include a statement of activities (similar to an income statement in the private sector), a balance sheet and often some type of reconciliation.
