### **Food losses and waste in the context of sustainable food**

Causes. Various religions forbid the consumption of certain types of food. For example, Judaism prescribes a strict set of rules, called Kashrut, regarding what may and may not be eaten, and notably forbidding the mixing of meat with dairy products. Islam has similar laws, dividing foods into haram (forbidden) and halal (permitted). Jains often follow religious directives to observe vegetarianism.

A wisdom tooth or third molar is one of the three molars per quadrant of the human dentition. It is the most posterior of the three. The age at which wisdom teeth come through is variable, but generally occurs between late teens and early twenties. Most adults have four wisdom teeth, one in each of the four quadrants, but it is possible to have none, fewer, or more, in which case the extras are ...
