Classification. Gaits are typically categorized into two groups: the "natural" gaits that most horses will use without special training, and the "ambling" gaits that are various smooth-riding four-beat footfall patterns that may appear naturally in some individuals, but which usually occur only in certain breeds. Special training is often required before a horse will perform an ambling gait in ...

High heels have a long, rich history, dating as far back as the tenth century. The Persian cavalry, for example, wore a kind of boot with heels in order to ensure their feet stayed in the stirrups. Furthermore, research indicates that heels kept arrow-shooting riders, who stood up on galloping horses, safely on the horse. This trend has translated into the popular 21st-century cowboy boot.
